North Colonie Music Department Concert Participation Policy

It is the expectation of the music department that students participate in all concerts. Music is a performance art. The concert performance expresses the culmination of all students' work and therefore is considered a required component of the music curriculum. Each student provides an integral part of the final product and when students do not participate it has a negative impact on the quality of the entire ensemble.

Because the concerts are part of the music curriculum, a percentage of the student's grade is based upon the concert performance. If students do not perform for any reason, they must complete an alternate assignment to fulfill that portion of their grade. A prepared music department assignment will be given to students who are not able to perform at the concert.
