To: Thomas J. Rybaltowski, Assistant Superintendent for Business  
From: Steven B. Zautner, Treasurer   
Subject: Occupational Health Services RFP  
Date: June 15, 2011

Proposals to provide Occupational Health Services were solicited from six local health care providers. Access Health, our current provider for these services was the only provider to respond with a proposal.

The proposal received, to renew our existing contract, reflected the same pricing offered to us in November 2010 by Access Health. Since we have been satisfied with their service for the past several years, and lacking any apparent alternative vendor, I recommend we accept Access Health's proposal for Occupational Health Services at the price schedule proposed, and attached.
