REVISED

November 2017

UPDATE FROM THE PRINCIPAL

Our school year is underway with mid-terms beginning on January 12, 2018. I have reminded students that the end of the semester is an opportunity for them to review their progress in each of their courses of study. This is also a good time for students to look around and consider what resources they are or are not using to achieve success in the classroom. Often, when students are not achieving, it is evident they are not fully utilizing all of the support that is available to them. Parents often will suggest to me that programs or resources should be added to our school. My first response is to ask that we look to what is currently available to our students. Students may not be accessing their classroom teacher or staying for after-school help that is already in place. Our department supervisors are also our master teachers who can offer ideas, interventions, and plans to assist students struggling in certain academic areas.

I know that our lives can be busy with schedules that leave little time. However, it is important that students, parents, faculty, and administrators work together to plan ways to bring about student success. This collaborative model is one that our students will be expected to use when they move on to higher education and other post graduate opportunities. Communication is the key to success for any type of problem solving. Once achieved, I am confident students can be successful at Shaker High School.

As the year progresses, please feel free to contact us when you have a question or concern. I thank you for your continued support of our learning community.

Students' Attendance in Examinations

Students enrolled in courses for which there are mid-term or final examinations are responsible for taking tests on given dates and times. Attendance will be taken at the beginning of each exam period and phone calls will be made to verify each absence. The scheduling of personal appointments, vacations, or meeting obligations other than those of an emergency nature shall not constitute a valid reason for missing an exam and will result in a grade of zero. Valid reasons include illness or injury confirmed by a physician's note; death in family; court appearance confirmed by court documentation; or placement in a facility. Notification to hall principal and/or department supervisor is mandatory. Students and parents must make every effort to schedule mandatory college orientation/placement exams during non-testing periods. If a student is going to attend a mandatory college orientation/placement exam during a testing period, the parents and college must provide documentation explaining the reason(s) for this request. Eligibility for make-up exams will be determined by the hall principal and department supervisor. Once the absence has been approved, the Department Supervisor or designee will contact the student to reschedule the exam. If arrangements for make-up exams have not been made prior to the conclusion of the exam schedule, those unscheduled students shall receive an exam grade of zero. Regents exams or any other exams distributed by the State cannot be rescheduled. These exams must be given at the designated times. Students who arrive late to an exam should report to their scheduled exam room. Their exam will end at the normally scheduled ending time. No additional time will be allowed.

For security reasons, valuables should *not* be brought to any exam room during formal and/or in-class periods. Valuables may include, but are not limited to hats, books, purses, backpacks, coats, and electronic devices. Shaker High School is not responsible for lost or stolen items; therefore, we recommend that only items needed for the specific exam be brought into the testing area.

The following will be read to all students prior to all Regents exams:

"You cannot have any communications device, including a cell phone, with you during this exam or during any breaks (such as a restroom visit). Such devices include, but are not limited to:

- Cell phones
- iPods and MP3 players
- Laptops, notebooks, or any other personal computing devices
- Headphones, headsets, or in-ear headphones, such as earbuds
- Any other device capable of recording audio, photographic or video content, or capable of viewing or playing back such content
- Blackberry devices and other PDAs
- iPads, tablets, and other eReaders
- Cameras or other photographic equipment

If you brought any of these items to the building today, and have not already stored it in your locker or turned it over to me, a test monitor or school official, you must give it to me now. You may not keep your cell phone or any of these items with you, or near you, including in your pockets, backpack, desk etc. If you keep a cell phone or any of these items with you, your exam will be invalidated and you will get no score. Is there anyone who needs to give me any of these items now? This is your last opportunity to do so before the test begins."

District Insurance

Every year children bring many personally owned or rented instruments into our schools, sometimes leaving them overnight in our classrooms. The North Colonie Central School District has taken reasonable steps to prevent the theft of student property. However, the district is not responsible for theft, loss or damage to students' personal property on the premises. Additionally, parents are encouraged to list valuable items like musical instruments on their homeowners' or renters' insurance policy.

PROJECT S.A.V.E.

Project S.A.V.E. is the Safe Schools Against Violence in Education Act, passed by the legislature and signed by Governor Pataki at the end of the 2000 legislative session. The law seeks to improve school safety and ensure a safe and effective learning environment. To achieve this, the law codifies many existing regulatory requirements that are designed to improve school safety. It also provides tools for educators including mandating the development of school safety plans, organizing school safety teams, implementing character and civility education, refining the discipline code, and giving teachers the ability to remove students from classes for behavior that is disruptive to the educational process. The North Colonie Board of Education has determined that teachers may remove students from classes for either therapeutic or disciplinary reasons.

Removal for disciplinary reasons includes students who are substantially disruptive. This includes students who are either violent or non-violent.

ANNUAL NOTICE OF THE AVAILABILITY OF THE DISTRICT EMERGENCY MANAGEMENT PLAN

The North Colonie Central School District has developed Emergency and Severe Weather (formerly Disaster Preparedness) plans as required by State Education Law Section 155.13. It is required that each public school district have emergency plans in place, and that information on emergency procedures be provided to all students and staff. We will conduct at least 12 fire drills throughout the year, and a "go home" drill to test transportation and communications systems. Emergency evacuation information is posted in each classroom. If you desire more information, please contact Mr. Alan Levitus at the Maintenance Department at (518) 785-5771.

NOTICE TO PARENTS

In accordance with the requirements of the federal regulation known as AHERA (Asbestos Hazard Emergency Response Act), the school district has conducted inspections and developed management plans for each of the district's schools. These management plans are available for your review during regular business hours at the individual schools. Included in these management plans is information regarding AHERA inspections, operations and maintenance, period surveillance and response action activities. It is the intention of the North Colonie Central School District to comply with all federal and state regulations controlling asbestos and to take the appropriate steps necessary to ensure students and employees have a healthy and safe environment in which to learn and work. For information contact Mr. Alan Levitus at the Maintenance Department at (518) 785-5771.
