DANIEL C. LYNCH, ESQ.  
DEPUTY COUNTY EXECUTIVE

March 20, 2020

Dear School Superintendents:

In these trying times as we respond to the outbreak of COVID-19 (Novel Coronavirus), it has become apparent that we need to come together as a community for the betterment of those who might be in a less fortunate situation. Considering this, we are reaching out to you in hopes that you may offer your assistance at this critical and unprecedented juncture.

As the number of positive cases of COVID-19 continue to rise daily in Albany County, the safety and health of our residents who contract this virus depend on a well-equipped and well-staffed hospitals and healthcare facilities. Simply put, lives are on the line. We ask that you work in a partnership with us to identify any professionally trained medical staff, including school nurses, employed at your respective schools who are willing to lend their support.

At this moment, we are looking to build up a volunteer list for support staff at our Shaker Place Rehabilitation & Nursing Center, the Albany County Department of Health and the Albany County Medical Reserve Corps. As the situation continues to evolve, these selfless individuals are on the front lines of this pandemic.

We appreciate your attention to this matter. Please reach out to Cameron Sagan in my office at (518) 447-5671 with any individuals and their contact information that are interested in assisting, and any questions you may have.

Sincerely,

Daniel P. McCoy  
Albany County Executive
