

Handout #1

FINE ARTS GRADUATION REQUIREMENT

All ninth graders are strongly recommended to meet the one credit Fine Arts requirement for high school graduation during their freshman year. Students can select a course to meet this requirement from the Art, Family and Consumer Sciences, Music or Technology Education Departments listed on this handout. Students must select one unit of the following courses to meet this requirement. Students may take more than one of the following classes, BUT only one of these is necessary for meeting the graduation requirement. Please refer to the pages indicated in the Shaker High School Course Catalog for detailed course descriptions. Note: a (P) following a course title indicates there is a prerequisite for the course.
