

Content Area: Math

Grade Level: 2nd

Course Name: Iready Classroom Math 2<sup>nd</sup> Grade

**Course Description:**

In Grade 2, instructional time should focus on four areas: (1) extending understanding of base-ten notation; (2) building fluency with addition and subtraction; (3) using standard units of measure; and (4) analyzing and classifying two dimensional shapes as polygons or non-polygons.

Units- Length of Time	Description
Unit 1: Numbers Within 20: Addition, Subtraction, and Data	This unit extends students' understanding of adding and subtracting within 20.

Units- Length of Time	Description
Unit 2: Numbers Within 100: Addition, Subtraction, Time, and Money	This unit extends students' understanding of adding and subtracting within 100.
Unit 3: Numbers Within 1,000: Place Value, Addition, and Subtraction	This unit introduces students to place value and operations with numbers within 1,000.
Unit 4: Length: Measurement, Addition and Subtraction, and Line Plots	This unit extends students' understanding of measuring length.
Unit 5: Shapes and Arrays: Partitioning and Tiling Shapes, Arrays, Evens and Odds	This unit extends students' understanding of shapes and arrays.
